<td>We are a learning community committed to the development of resilient, independent and respectful girls who aim for excellence in all that they do. Our vision is to create a nurturing, collaborative and inclusive environment that prepares our girls to be responsible global citizens with the skills to succeed in the 21st Century.</td>
<td>Penshurst Girls Campus is part of the Georges River Collegiate group, and is a girls 7-10 middle school. The school is located 17 km south of the Sydney central business district and is part of the St George Network of schools. There are 652 students, 71% from backgrounds other than English. The school has a selective stream class in Year 7. Students graduate to the Oatley Senior Campus to complete Years 11 and 12. GRC Penshurst Girls Campus is a leading learning community focused on the educational needs of girls. School structures, curriculum and teaching and learning programs are designed to achieve the best possible outcomes for students. Students participate in challenging comprehensive programs with access to sporting, cultural and community activities. There are many opportunities for extra curricula activities and the school is well known for its longstanding success in student leadership, public speaking, music and drama. The school community values the creative and performing arts as well as sporting endeavours. The school emphasises student welfare programs and has an innovative pastoral care system. The school community values a safe and cooperative learning environment.</td>
<td>The consultation process for the Penshurst Girls Campus 2015-2017 School Plan began in August 2014 with the school executive. At this workshop 5 envisioning questions were asked and the executive team collaboratively integrated and refined their vision for our school. In August 2014 a whole staff forum was held and in September 2014 a Parent and Community Forum was held. Parents, school executive, teachers, students, feeder primary School Principals and the College Principal engaged in the same process as key stakeholders in our school’s future. In November 2014 the ideas and vision that was already emerging were discussed in detail at a student forum. In December, at a number of planning days, the School Planning team (the executive) were able to articulate the new School vision and define our 3 strategic directions and their purposes. The entire staff then met as 3 strategic direction action teams and began to develop the improvement measures that we wish to see. The final product was endorsed by the staff, students and P &amp; C. The School Plan is a dynamic document that will respond to and adapt to our school community’s needs. In this regard it is a flexible document that aligns with system priorities and DEC policies and agendas. Ongoing evaluation and monitoring of our progress towards our goals is an integral part of our School Plan. The College Management Group shared each Campus’ School Plan and found alignment to create an integrated overarching Georges River College School Plan.</td>

School strategic directions 2015 - 2017

Purpose:
To empower students with the skills and capacity that will equip them to be confident and independent life-long learners who are future focussed and responsible global citizens.

Purpose:
To further build a culture of dynamic professional staff who embed excellence throughout the school community by engaging in ongoing learning, reflection and a commitment to develop, share and implement best practice.

Purpose:
To build stronger and mutually beneficial relationships as an educational community by developing collaborative partnerships that enhances student learning outcomes. To create a culture of positive values that empowers all members of our school community to achieve success within an inclusive framework that values diversity, tolerance and active citizenship.
## Strategic Direction 1: Quality Learning & Quality Students

### Purpose
To empower students with the skills and capacity that will equip them to be confident and independent life-long learners who are future focussed and responsible global citizens.

### People

| Students: | Students will be supported in working independently and through taking risks as learners through inquiry based learning projects |
| Staff: | Staff will engage in a collaborative professional learning journey to improve their teaching practice and when using technology to effectively engage students in their learning |
| Parents/Carers: | Parents will work in partnership with the school to help build resilience in their daughters and help create a culture that values independent learning |

### Processes

| Projects: | All faculties will explore flexible learning and innovative & engaging curriculum delivery through a Stage 4 project (eg. SOLE, Inquiry Based, Project Based or Challenge Based Learning) |
| The school will implement an evidence based iPad Project. All teachers will integrate iPads into their teaching and learning programs |

### Products and Practices

| 25% increase of students using 21st Century learning styles & technologies to engage in and attain expected educational learning outcomes 7-10 |
| 40% increase of teachers confident in utilizing learning technologies to maximise 21C learning experiences for students |

### Improvement Measures

- 25% increase of students using 21st Century learning styles & technologies to engage in and attain expected educational learning outcomes 7-10 (including equity groups)
- 40% increase of teachers confident in utilizing learning technologies to maximise 21C learning opportunities for students

### Evaluation Plan
Baseline data to be collected for students and staff (and broken down by equity groups). Improvement measure may change depending on base line data findings. Student, staff and parent surveys and satisfaction monitoring (TTFM)
## Strategic Direction 2: Quality Staff and Culture

### Purpose
To further build a culture of dynamic professional staff who embed excellence throughout the school community by engaging in ongoing learning, reflection and a commitment to develop, share and implement best practice.

### People
- **Students:** Students will be key stakeholders in creating and realising our shared vision for the library as a learning space.
- **Staff:** Staff will experience professional development on lesson observation protocols and will be the creators and drivers of our program of negotiated lesson observation and evaluation.
- **Parents/Carers:** Parents will be key stakeholders in creating and realising our shared vision for the library as a learning space.
- **Community Partners:** Our community partners will be key stakeholders in creating and realising our shared vision for the library as a learning space, as a vocational hub and as centre for student wellbeing.
- **Leaders:** School leaders will support all staff commensurate with their career stage in developing Professional Development Plans (PDPs) and supporting staff to achieve their professional goals.

### Processes
**Projects:**
- Implementation of the Performance Development Framework (PDF). A program of negotiated lesson observation and feedback will be implemented using the AITSL Classroom Teacher Continuum, including lesson observation protocols, as an evidence base. A structured program will be in place supporting teachers working towards proficient, maintaining at proficient and aspiring to the higher levels of accreditation.
- A plan for the reinvention of the Library will be developed.

**Evaluation Plan**
Classroom practice: PDPs will be mapped, including Professional Learning. Accreditation rates will also measure success.

Library: Baseline data to be collected for students and staff, including occupancy and usage rates. Student, staff and parent surveys and satisfaction monitoring.

### Products and Practices
- **Product:** 100% of staff will engage with the AITSL Classroom Teacher Continuum and participate in a program of negotiated lesson observation and reflection. They will apply their Performance Development Plans to improve practice.
- **Practice:** 40% increase in student, staff and parent confidence in the School Library as a centre of learning excellence (including equity groups).

**Product:**
- All staff develop effective Performance & Development Plans that are established collaboratively, reviewed regularly and which align to the Australian Professional Standards for Teachers.

**Practice:**
- All staff understand and engage with accreditation requirements in a supported environment, including reflecting on their practice in order to initiate improvements.

**Product:**
- The school Library will become an engaging, relevant and dynamic learning space for students and teachers.

**Practice:**
- Our Library will transform into a dynamic learning space that promotes flexible and challenging curriculum delivery.
Strategic Direction 3: Quality Community & Values

**Product:**  
The school establishes active partnerships and works collaboratively to ensure continuity of learning for students (moving the school towards the excelling domain in the School Excellence Framework element of Curriculum & Learning)  
**Practice:**  
- Our school community, through an innovative delivery mechanism, will be inclusive of the needs of our Primary Links students and have structured and supportive practices in place to improve their transition experience to High School  
**Product:**  
- Positive Behaviour for Learning will be fully implemented at every level of school life and will lead to improved school culture  
**Practice:**  
- Teachers and students will speak a common language about the positive values that the school collaboratively shares |
